Our school commitment

The Equality Act 2010 requires us to publish information that demonstrates that we have due regard for the need to:

- Eliminate unlawful discrimination, harassment, victimisation and any other conduct prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations between people who share a protected characteristic and people who do not share it.

At Stimpson Avenue Academy:

- We try to ensure that everyone is treated fairly and respectfully.
- We want to make sure that our school is a safe and secure place for everyone.
- We recognise that people have different needs, and we understand that treating people equally does not always involve treating them the same.
- We aim to make sure that no-one experiences less favourable treatment or discrimination because of:
 - Age (as an employer – but not applicable to pupils)
 - Disability
 - Sex
 - Gender reassignment
 - Race
 - Pregnancy and maternity
 - Religion or belief
 - Sexual orientation
 - Marriage or Civil Partnership Guiding Principles
- We recognise that some pupils need extra support to help them to achieve and be successful.
- We try to make sure that people from different groups are consulted and are involved in our decisions, especially pupils, parents, and those of us who can be treated less favourably.

We welcome our duties:

- To promote community cohesion (under the Education and Inspections Act 2006)
- To eliminate discrimination, advance equality of opportunity and foster good relations (under the Equality Act 2010)

We also welcome the emphasis of Ofsted inspections on the importance of accelerating the progress of pupils from groups who are underachieving.

As part of this we will:

- Publish information every year about our school population.
- Outline how we have due regard for equality and how we promote community cohesion.
- Publish equality objectives to show how we plan to tackle particular inequalities and improve our practice.

Summary of effectiveness

Stimpson Avenue Academy is a diverse, inclusive, and supportive school, where pupils thrive. With just under 70% of our pupils having English as an Additional Language, and facing many challenges in this inner-town, high mobility community, we are delighted to say that we provide outstanding pastoral care which is at the heart of everything we do.

We are proud of our incredibly inclusive environment that prioritises reaching out to all parents, including those that are hardest to reach. Our staff go the extra mile to ensuring pupils receive the best education. An example of this are staff who are providing after school nurture activities, which as a result enable pupils to develop positive learning behaviours. This is further developed using our new behaviour curriculum.

In our most recent parent survey, the majority of parents said that their children are happy and feel safe, and parents agree that the school is effectively well led and managed.

Our curriculum, both in school and extra-curricular, is broad and balanced to enable all children to have as many opportunities as possible to develop their cultural capital. We have strong recording and supporting systems in place to deal with any suspected bullying, racial or other prejudice incidents and these are retained/monitored by our senior leadership team and the governing body.

Our provision for pupils with SEND is strong and all pupils are integrated effectively, including those with a disability. We have effective support in place for children with different needs and work collaboratively with families and external agencies to ensure pupils have the support they need.

Regular staff training takes place to ensure staff are well informed and can make adjustments for pupils in all areas of the curriculum.

Addressing Prejudice Related Incidents

This school is opposed to all forms of prejudice, and we recognise that children and young people who experience any form of prejudice-related discrimination may fair less well in the education system. We provide both our pupils and staff with an awareness of the impact of prejudice to prevent any incidents. If incidents still occur, we investigate them immediately and report them to all stakeholders.
